

# Our Facilities

For information on all types of injuries visit:

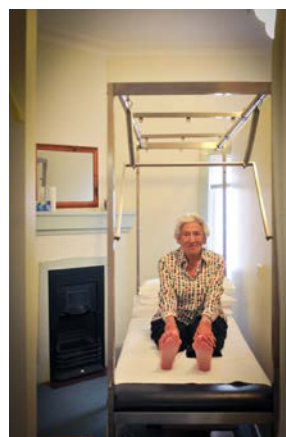

<http://www.cssphysio.com.au/forpatients.html>

## Comfortable & Private Treatment Rooms

We have several completely private treatment rooms. These are fitted out with ergonomic massage and manual therapy couches. Up / down beds make for ease of access to all patients. They also allow our therapists to work efficiently and safely. All rooms are air conditioned for year round comfort.

Female patients wear gowns for spinal, shoulder or pelvic treatment. Shorts & tee-shirts are available for patients who aren't appropriately dressed for their treatment or exercise sessions.
